

Ad hoc announcement according Art. 17 MAR

Amendment to the pooling agreement between the major shareholders of VERBIO Vereinigte BioEnergie AG, sub-pool and sale of 5 million shares.

Major shareholders and Albertina and Alois Sauter agree a change to the pool structure and, subject to a condition precedent, to the accession of Albertina and Alois Sauter to the voting rights pool and the sale, subject to a condition precedent of 5 million shares by Pollert Holding GmbH & Co. KG, a Company controlled by Dr. Georg Pollert, a member of the Supervisory Board, to Albertina and Alois Sauter.

Zörbig/Leipzig, April 5, 2019 – As already known, the shareholders Claus Sauter (Chairman of the Management Board), Dr. Georg Pollert (member of the Supervisory Board), Pollert Holding GmbH & Co. KG, Bernd Sauter (member of the Management Board), Daniela Sauter and Marion Sauter (above and hereafter the “**major shareholders**”) hold 67.5 percent of the shares of VERBIO Vereinigte BioEnergie AG, and have entered into a pooling agreement under which they are obliged, as a general rule, to exercise their voting rights together in a uniform manner (above and hereafter the “**pooling agreement**” or “**voting rights pool**”).

Today, the major shareholders have agreed to make changes and amendments to the pooling agreement, primarily to facilitate the private succession planning arrangements of the participants. For these purposes, the current pooling agreement will be amended so that the shares bound under this arrangement may, as a general rule, only be transferred with the agreement of a meeting of the members of the pooling agreement, who can agree on this issue by a simple majority, and by agreeing that an ordinary cancellation of the pooling agreement may not occur for two years (hereafter the “**new pooling agreement**”).

At the same time, Claus Sauter, Bernd Sauter and Daniela Sauter (hereafter collectively “**sub-pool members**”) have today agreed to enter into a voting trust agreement concerning the exercise of their votes in the voting rights pool (hereafter “**sub-pool contract**” or “**sub-pool**”). Together, the members of the sub-pool hold approximately 43.6 percent of the voting rights exercisable at annual general meetings of VERBIO and approximately 64.5 percent of the voting rights in the voting rights pool. In particular, the sub-pool contract will provide that the sub-pool members shall among themselves agree on the subject of the resolutions in the voting rights pool as well as exercise their rights, in particular their voting rights in the voting rights pool, in a uniform manner. The obligation in the sub-pool is linked to the obligation in the voting rights pool. Agreements in the sub-pool shall be made based on a simple majority. An ordinary termination of the sub-pool agreement may not occur for two years.

Ad hoc announcement according Art. 17 MAR

Albertina and Alois Sauter are the parents of the members of the sub-pool. They currently hold less than 1.4 percent of the shares in VERBIO (hereafter “**the existing shareholding**”).

The major shareholders and Albertina and Alois Sauter (hereafter “**the parties**”) have today agreed to: (i) the accession of Albertina and Alois Sauter to the new pooling agreement, provided that resolutions in the voting rights pool are approved with a simple majority for the period in which Albertina and Alois Sauter are members of the voting rights pool; and (ii) the completion of an agreement for the sale of 5 million shares in VERBIO (hereafter “**the share package**”) from Pollert Holding GmbH & Co. KG to Albertina and Alois Sauter for a purchase price of EUR 29 million (hereafter “**the share purchase agreement**”), whereby the share package shall continue to be subject to the obligations of the voting rights pool. The accession of Albertina and Alois Sauter to the new pooling agreement and the completion of the share purchase agreement are subject to the condition precedent that the regulatory authorities release Albertina and Alois Sauter from any takeover obligations resulting from the accession to the new pooling agreement and the acquisition of the share package. On fulfilment of the condition precedent the number of voting rights subject to the obligations of and included in the voting rights pool is increased by the existing shareholding.
